Synergy 2008 Is Coming Soon

SCOTTSDALE, Ariz – Feb. 8, 2007 – MasterTax’s biennial users conference, Synergy will convene at the Tempe Mission Palms Hotel on March 2-5, 2008, in Tempe, Arizona. MasterTax users from across the country will participate in four days of payroll tax and payroll tax compliance sessions.

The Synergy users conference is designed to provide both new and advanced users with information on the many features of MasterTax and how to maximize its use in their own technical environments. Speakers from government and specialist agencies will discuss topics related to payroll tax compliance and payroll tax jurisdiction requirements.

“All of us at MasterTax are looking forward to Synergy 2008,” said Richard Warneka, President of MasterTax, LLC, which is headquartered in Scottsdale, Arizona. “This will be our fourth Synergy users conference since MasterTax assumed a national presence. The conferences have proven to be a great forum for our customers to learn about new MasterTax functionality and features. The Round Table session, where users are given the opportunity to recommend enhancements to the product, is especially popular. At the last conference, there were 50 suggested enhancements, of which 48 have now been implemented! The conference also provides our customers with an important opportunity to meet and exchange ideas with each other.”
