

MasterTax Announces New Outsource Service Solution

Scottsdale, AZ – September 1, 2005 --- MasterTax, a leading provider of payroll tax compliance software, announced today a new total outsourced service solution for payroll taxes.

To meet the growing need for outside payroll tax processing for corporations in the U.S., MasterTax has developed a complete program to fulfill these demands. The MasterTax Service program is designed to complete the entire payroll tax compliance process while releasing the employer from the responsibility of scheduling, paying, balancing, and filing taxes. This program will allow customers to focus on their core business processes, while maintaining compliance with over 10,000 taxing jurisdictions in the U.S. and Canada.

“Thanks to the comprehensive features and functions of the MasterTax software, the MasterTax Service offering allows us to provide an all-inclusive solution for any corporation who wishes to outsource their payroll taxes,” stated Bill Harris, General Manager of MasterTax. “From electronic payments, tax return filings, researching agency inquiries, printing W-2s, to wage garnishments, we can take the entire payroll tax compliance burden away from our customers so that they can focus on their business.”

“As the leading independent payroll tax software provider for the last 10 years, we have the ability to provide the ultimate in payroll tax services, highlighted by our reputation of excellence in customer support,” said Richard Warneka, President of MasterTax. “Our expertise in payroll taxes and customer care allows us to offer the most efficient payroll tax process available.”
